Be Confident. Be Secure. Be Discreet Chic!

Hide and chic! Say goodbye to the embarrassing moment of a tampon falling out of your purse. Vanish that awkward feeling of airport security going through your suitcase with your underwear in plain sight for everyone to see. Introducing **Suzanne's Discreet Chic Accessories**, a trendy line of feminine travel accessories for fashionable women of all ages. Creator Suzanne Gabos' designs focus on the active woman whether she is traveling, working, playing or merely looking for a way to carry her feminine products or undergarments in a discreet and chic fashion.

The Fem-Tote

Typically women carry tampons by hand to the restroom or loosely in their purse mixed in with other items. Eventually the tampons become damaged and as the wrappings loosen dirt contaminate them. The **Fem-Tote** is a stylish case that has secured and sanitary compartments specifically for holding various sized tampons, pads, panty liners, pre-packaged hygiene wipes and even an additional pair of undergarments for the unexpected emergency.

Offered in an array of contemporary designs, the **Fem-Tote** easily fits into a woman's gym bag, beach bag, purse or brief case. When used alone going to the ladies room, the **Fem-Tote** looks like an elegant small purse or clutch. They are perfect for work, travel, everyday use or an evening out. The **Fem-Tote** provides feminine product freshness and cleanliness with fashionista style.

Socks and hosiery can be carried in the **Panty Pouch** as well. Another way from **Suzanne's Discreet Chic Accessories** to ensure freshness, cleanliness, and style. **Panty Pouches** are available in the same colors and designs of the **Fem-Tote**.
